State of New Hampshire.

To the inhabitants of the Town of Lancaster qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose a town clerk for the ensuing year.

2. To choose three selectmen, a treasurer, and other necessary officers for the ensuing year.

3. To see what sums of money the town will vote to raise for the following purposes:

First. To meet current expenses of the town and apply on the principal and interest of the town debt.

Second. For building and repairing highways and bridges.

Third. For building and repairing sidewalks.

Fourth. For breaking rock and building macadam roads and streets.

Fifth. For lighting streets.

Sixth. For observance of Memorial Day.

Seventh. For school books and supplies.

Eighth. For the support of the reading room.

Ninth. For the extension of sewers.

4. To direct how the sums raised for any of the above purposes shall be expended.

5. To direct how the school money shall be divided.

6. To see if the town will vote to instruct the selectmen to appoint a special police officer for night service in Lancaster village, for the ensuing year.

7. To see if the town will vote to adopt Chapter 78, Ballot Laws of 1897, so far as they are applicable to town elections.

8. To see if the town will vote to exempt from taxes all moneys hired by the town at a rate of interest not exceeding four per cent.

9. To see if the town will vote to raise any additional money for the completion of the new Town Hall, and if so, what sum.

10. To see if the town will vote to buy a burying ground for dead animals, and raise the money therefor.

11. To see if the town will vote to authorize the selectmen to move or dispose of, the old house in rear of the Library building, or if not so voted, to see if the town will vote to make necessary repairs and raise the money therefor.

12. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 22nd day of February, 1902.

Selectmen's Report.

A town report is of considerable interest to taxpayers, naturally, and of course this one is no exception. The business of the town this year, with the exception of the building of the Connecticut river bridge, has been of an uneventful character. No extraordinary expenses have had to be met. Our usual snow storm of the winter did not occcur in 1901, so that there was but a small cost for breaking roads. We also escaped the heavy rains during the summer and the roads have been better, at less expense, than usual. On the whole everything seems to have moved along quite smoothly and possibly fairly satisfactorily. As far as we know there are no outstanding bills against the town.

VALUATION.

As last year, we give below the valuation table of the two last years, 1900-1901, for comparison. The decrease of 1901, was caused by the reapprisal of real estate, in the fall of 1900, and the falling off in the money-at-interest and stock-in-trade.

TAXES ASSESSED.

The taxes assessed for all purposes, was somewhat less than the year before, so that the rate per cent. was reduced to $2.23 in the village and $1.97 in the town district. Of course this was agreeable to tax payers. We could have made a still better rate if it had not been for the county tax, which was $7,485 68, against $5,988 55 for 1900. The following are the amounts for 1900-1901, to show the difference:

AVAILABLE ASSETS FEB. 15, 1902.

It is very handy to have a few really available assets to carry on the town's business with until the new tax begins to come in. We leave the following legacy to our successors:

Due on Police Court fines	$400 00
Rebate from State tuition, about	42 00
State on glanders' horse killed	5 00
Taxes bid off by town	319 41
Liquors, fixtures, etc	602 22
Amt. due from county	83 50
Amt. in hands of overseer	16 45
Rent due on school lots,	138 00
Due from C E McIntire, coll. '97-'98	18 86
Due from F F Kellum, coll. '99-'00	119 19
Cash in hands of treasurer	6,434 88
Due from Geo H Colby	18 00
Due from Chas Hill, contribution on Conn. bridge pier	25 00
Due from Jett L Bass, coll. 1901	517 74
Due from " " " " sewers	105 00
	$8,845 25
From the above footing should be deducted the balance due on the Town Hall loan	1,459 75
	$7,385 50

INDEBTEDNESS.

Below we give the actual indebtedness of the town, outside of the Town Hall and Connecticut River Bridge amounts, to show what the natural condition of affairs would be. The following is the summary of the liabilities and assets:

Bonds	$24,000 00	
Notes	7,500 00	
Outstanding orders	209 25	
Shoe shop liability	1,000 00	
Total liabilities		$32,709 25
Less available assets		7,385 50
Net debt		$25,323 75
Debt 1901	$28,652 41	
Debt 1902	25,323 75	
Decrease		$3,328 66

We have succeeded in hiring all the money we needed this year at three per cent. per annum. All the notes are on five years' time, so that the town can meet its bonds, which have a four per cent. rate, and not be burdened with the notes for a few years. To show the full indebtedness we give the several items separately, as follows:

Natural debt, as taken from foregoing summary	$ 25,323 75	
Town Hall notes	14,509 75	
Conn. River Bridge notes	6,290 25	
Total		$46,123 75

PROPERTY OWNED BY TOWN.

We herewith give a list of the property owned by the town, leaving off all values:

Library land and buildings.
Stone crusher plant.
Storehouse and land, Prospect street.
Four road machines.
Play grounds.
Safe and office furniture.

Drain tile and lumber on play ground.
Three snow rollers.
One hand stone roller.
One force pump.
Lot of miscellaneous tools.
Two snow plows.
About 500 feet ⅞ wire rope in storehouse.
Eighteen hundred and fifty Town Histories.

HIGHWAYS.

The streets and roads of the town have been, for the most part, in a very good condition throughout the year. As far as possible gravel and stone have been used in grading, and possibly the road machines have been used less. We believe this to be a move in the right direction, and if persisted in in the future will be conducive of better roads at greatly reduced expense. Road machines are a labor saver in many places, but we should discard the idea of using them for everything, as they are entirely out of place in drawing grade or pulling rocks. The use of plank in building culverts, however, still prevails, and we can but repeat our last year's statement, that it is the most expensive and dangerous way. We cannot suggest any remedy but to use stone, wherever it can be found, even if it costs a little more.

The cost of maintaining the roads this year in the three districts amounts to $4,070.86 as against $5,181.49 last year, a decrease of $1,110.63. No unusual amount has had to be expended.

We recommend this year that $5,000 be appropriated for highways and bridges, an increase of $500. This is not absolutely necessary, but "good roads" are the best investments that a town can make, and Lancaster should be in the front rank.

The cost of each district is shown in the agents' reports. The following are the totals of each district:

Village district	$1,426 89	
East "	1,222 15	
South "	1,421 82	
	———	$4,070 86

NEW HIGHWAYS.

Several petitions were presented the selectmen during the summer for the widening and straightening of streets and new highways. After the hearings only two were considered as of public necessity, viz: one leading to the Lancaster Mills, so called, and the other to the Amadon brick yards. The first was laid out subject to gates and bars from Pleasant street across the land of W. H McCarten, to the land of said Mills. While the petition called for a highway from Pleasant street to said Mills, a distance of about one mile, we did not consider that under the circumstances anything more was necessary than to enable the company to get on their own land. The other petition called for a road from Mechanic street to the brick yards and while not considering this an actual public affair, still in view of its future extention from the brick yards to an intersection with the North road near William Savage's, and thus serve the public, and also, considering the benefit and aid to an industry, we laid out the road as called for in the petition; had it graded and fenced so hat it is in a good passable condition. The cost:

W. H. McCarten land damage and grading	$100 00
Drew and Van Dyke damage	125 00
J. I. Williams damage	60 00
Amadon & Smith grading	190 00
Amadon & Smith building fence	53 00
J. I. Williams surveying	6 25
	$534 25

MACADAM ROAD.

The only piece of macadam laid this year was a new covering on Baker Hill. The old paving had become badly smashed and broken through, and we deemed it a saving to the town to repair it in a thorough manner. The work was done by the road agent. It cost:

Baker & Hartley, rock	$136 67	
J D Cummings, agent	25 00	
		$161 67

The vote of the town was in effect, for the selectmen to build either a wood or an iron bridge, as in their judgment they deemed best. After removing the old bridge in March, and finding it a good deal more rotten than was supposed, and practically worthless to be used in a new bridge, and investigating the relative merits and cost of the two kinds of bridges, it was decided to build an entire new hard pine bridge, with a new stone pier in the center of the river. This conclusion was reached only after receiving bids on both kinds. It is true that the selectmen were inclined towards a wood structure from the first, but we endeavored to act impartially, and from the best information we can get, we are confident that our decision in favor of the wood bridge was a wise one. The contract for the superstructure was let to the Berlin Construction Co. of Berlin, Conn., and the stone work to Wm. C. Putnam of Lancaster. It was designed, at the outset, to have the entire work completed by Oct. 15th, but several vexatous delays (to call them by a mild term) occurred, viz: the high water during the early part of the summer and the injunction by the Lumber Co., etc., so that it was cold weather and winter before the job was done, and there now remains the boarding up of the sides, the putting on of the roof and the laying of the top floor this spring to complete it. We have got a new bridge, and we feel safe in saying that it is a good one. While the cost is considerably in excess of the first estimates, viz: the pier costing $1,850 00 as against about $1,000-00 estimated, the New Hampshire abutment $234 00, and the changing of the pier from where first located to its present site, about $500 00, still it is not so very bad. When completed and the total amount ascertained, the town of Guildhall will have to pay for that part which is in Vermont. This part, as per an agreement entered into by the selectmen and a committee from Guildhall, is thirteen feet from the westerly end of the

bridge. The contract with the bridge company was $4,055.00 and they charged $133.00 for changing the length of the spans, making $4,188.00, of which sum we have paid them $3,527.50. They also charged us $100 for delay, occasioned by the injunction, but we have not allowed the claim, and do not deem it a just one. There is, therefore, due the company, when the bridge is completed, about $600. The following are the amounts paid out up to date:

W C. Putnam, pier and abutment	$2,400 00
Berlin Constuction Co., bridge	3,527 50
Removing old bridge, superintendence, surveying, etc	362 75
	$6,290 25

SIDEWALKS.

New concrete sidewalks were put in this year, between High street and the Methodist church, about 325 feet, and from Elm street down Water street 400 feet, and a stone and gravel walk between Stockwell's store and Geo. M. Amadon's house, at the Grange village. These walks are all substantially built, the one on Main street being curbed with 18-inch granite, and raised sufficiently above the street to be out of the water in the spring of the year. The cost of the several jobs follows:

Grange walk	$105 32	
Less contributions	50 00	
Net cost		55 32
Main street curbing and concreting		300 00
Water street filling and concreting		200 00
Patching old walks		65 46
Repairs on Cottage street		29 81
		$650 59

Sewers.

The appropriation for sewers was $60 00, for the purpose of putting in the connection between Railroad and Cemetery streets on Summer street. We let the job to do this work for the appropriation. Three catch basins have also had to be put in—one on Main street, one on Burnside street, and one at the junction of Elm and Burnside streets.

Report of Overseer of Poor.

My report this year must of a necessity, be very commonplace. There has been no extraordinary expenses and only a slight increase in the number of poor helped by the town. The cost of town poor for the year is somewhat larger than last year. This could not very well be avoided, as last year was probably a minimum in the cost. The following is the statement for the town:

Total cost		$ 726 26
Received from county	$ 156 00	
Less amount due 1901	51 00	
	$ 105 00	
Due from county	51 00	
		$ 156 00
		$ 570 26
Less Joseph Colby's account		56 20
Net cost		$ 514 06

As usual I have taken Joseph Colby's support from the cost. Last year he had a balance credit of $139.15; taking the cost this year, $56.20 out and his balance will be $82.95.

The totals for town and county are $1,679.73, as against $1,725.12 last year, a decrease of $61.84.

There are no outstanding bills against the town.

The following is the financial statement:

COOS COUNTY DEMOCRAT PRINT.
LANCASTER, N. H.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Lancaster qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose a town clerk for the ensuing year.

2. To choose three selectmen, a treasurer and other necessary officers for the ensuing year.

3. To see what sums of money the town will vote to raise for the following purposes:

First. To meet current expenses of the town and apply on the principal and interest of the town debt.

Second. For building and repairing highways and bridges.

Third. For building and repairing sidewalks.

Fourth. For breaking rock and building macadam roads and streets.

Fifth. For lighting streets.

Sixth. For observance of Memorial day.

Seventh. For school books and supplies.

Eighth. For the support of the reading room.

Ninth. For the extension of sewers.

4. To direct how the sums raised for any of the above purposes shall be expended.

5. To direct how the school money be divided.

6. To see if the town will vote to instruct the selectmen to appoint a special police officer for night service in Lancaster village, for the ensuing year.

7. To see if the town will vote to raise any additional money for the completion of the new Town Hall, and if so what sum.

8. To see what action, if any, the town will take relative to the Town Hall & Masonic building, including contracts, maintainance, expenses or charges connected there-

with and to raise money needed to carry out any vote so taken.

9. To see if the town will vote to buy a portable stone crusher and engine, also to see what action the town will take regarding the old crusher and plant and to raise money needed to carry out any vote taken.

10. To see if the town will vote to discontinue the highway leading from near the residence of A. J. King to the southwest line of land owned by Susan Morse.

11. To see what action the town will take in regard to shelving and fixture, for the town vault in the new building and to raise money needed for the same.

12. To take the sense of the qualified voters whether the alterations and amendments of the Constitution proposed by the Constitutional convention shall be approved.

13. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-first day of February, nineteen hundred and three.

FRANK SMITH,
E. A. WOODWARD,
S. R. AMADON,
} Selectmen of Lancaster.

REPORT OF SELECTMEN.

The business of the town this year perhaps has been of an uneventual character. Owing to the good condition of the roads in the spring we have been able to keep them in good repair for less than the appropriation and not having deep snows or bad blows the expense of breaking roads has been light. In some other branches of the town's business we have thought necessary to exceed the appropriations but hope the showings on the whole will be satisfactory to the tax payers of the town.

SELECTMEN'S ESTIMATES.

Below we give an estimate of the various sums of money that will be needed to carry on the affairs of the town for the ensuing year. As we see no immediate need of more macadam streets and the contract for the supply of crushed rock having expired, we make no recommendation for an appropriation in that line, but leave the whole matter with the voters of the town. For comparison we give the amounts raised last year beside our recommendations.

AVAILABLE ASSETS FEB. 15, '03.

We have a less amount of money in the treasury than last year, owing to the large amount we have paid on the new Town & Masonic building and Connecticut river bridge but other assets compare favorably with previous years.

W W Fitch ck on Conn River Bridge pier	50 00

LIABILITIES.

Below we give the indebtedness of the town. We have paid $2000 bond due but have been obliged to hire $2500 which we secured at 3 per cent.

Bonds,	$ 22,000 00
Notes,	10,000 00

Net debt Feb. 15, '03,	$ 48,355 11
Net debt Feb. 15, '02, as reported,	$46,123 75
To this should be added	
Due F. Kellum, collector, '00,	25 00
Due J. L. Bass, " '01,	60 00
Net debt Feb. 15, '02,	$ 46,208 75
Increase in debt	$ 2,146 36

This increase in debt, as can be readily seen, is principally caused by the amounts paid for Town hall and Connecticut river bridge, as referred to previously.

PROPERTY OWNED BY TOWN.

We report a list of property owned by the town, leaving off values, but will however add that the Town building and land bought of Green has cost the town about $19,550.

Library land and building,
Stone crusher plant,
Stone house and land on Prospect street,
Five road machines,
Play ground,
Safe and office furniture,
Drain tile and lumber,
Theee snow rollers,
One stone roller,
One hand stone roller,
One force pump,
Lot of miscellaneous tools,
Two snow plows,
About 500 ft ⅝ wire rope,
1803 Town Histories,
One-half town building and lot and Green lot.

MACADAM ROADS.

The amount expended for macadam roads has, in our opinion been expended in an economical and thorough manner. Below is a summary:

Baker & Hartley, crushed rock,	748 41
Thompson Mfg. Co., castings,	98 38
J. B. Cloudman, repairs,	10 00
S. J. Green, labor,	150 00
Repairs for elevator,	41 60
	$1,048 39

HIGHWAYS.

We have built no new roads, but the following amounts

have been expended by the road agents and their sub-agents as per their reports:

S. J. Green,	1,649 92
G. A. Webster,	1,362 22
C. E. Kimball,	1008 53
W. H. McCarten,	242 68
Wm. McGoldrick,	3 00
Frank Smith & Co.,	72 16
	$ 4,338 51

SEWERS.

We have laid on North Main street, 1182 feet,
Kilkenny street, 345 feet,
Prospect " 1100 feet,
Williams " 130 feet,
Water " (overflow) 46 feet,
and have put in catch basins in different places when needed and kept the catch basins cleaned and needed repairs made at a total cost of $1,431 66

Less assessments received,	90 00
" due,	60 00
Net cost,	$1,281 66

SIDEWALKS.

Have expended on sidewalks, $ 561 47
mostly in building new about the new town hall building. More new walks are needed and many old ones need repairing and we recommend raising $700—$200 more than last year.

LIBRARY AND READING ROOM.

NEW ROAD MACHINE.

Have found it necessary to buy one new road machine at a cost of $225.00.

NIGHT POLICE.

Although there was no appropriation made for paying a night police the selectmen thought there was too much property at stake to risk its safety without a night watch and have employed a man for the purpose, trusting it will meet the approval of the tax payers.

CONN. RIVER BRIDGE.

Since we come into office the bridge has been completed and accepted by the town and we think it a satisfactory structure. Have been to considerable expense to make the approach on the N. H. side as the new bridge is some feet higher than the old.

Two items, $3.25 from Mrs. Hutchins and $30.00 from F. C. Cleaveland, were for rent of Opera House when I. W. Quimby had charge.

It may be well to give the voters some reason for the deficit at the Town and Masonic Building this year, and also some idea as to the future outlook.

In the first place we have received only six months rent from the Precinct for Fire Department and Water Company rooms, as they did not occupy them until October 1st, 1902. Next year they will pay a full year's rent, a gain of $200 for the building. Then, again, we have had to use anything we could get for fuel, and the expense has been probably $100 more than it would be in an ordinary year, though the total cost thus far, $365.02, is much less than many anticipated. We have also had to pay for improvements, piping and fitting up room for the Water company, carpenter work, furniture, etc., about $150.

There are now more attractions booked and dates taken at the Opera House than at any time since the completion of the building, and it looks as though the books for next year might show a good profit.

Respectfully submitted,

F. B. SPAULDING.

REPORT OF OVERSEER OF POOR.

My report this year I have tried to make brief and yet comprehensive. While in some cases the bills have been more than last year (owing to high price of fuel) the sum total is a few dollars less. I have no new town cases to report. I hereby submit the following statement for the town:

TOWN POOR.

Cash paid out as follows:

N. G. Stickney,	$321 00	
Jane Boutwell,	92 91	
Mrs. Wm. P. Horn,	93 13	
Joseph Colby	59 35	
Charles Kenison,	82 10	
Ned Shehe,	7 50	
—— Woods,	2 35	
John O. Keifer,	75 00	
Mrs. Paschal,	5 00	
		$738 34

Have received from county cash on above accounts as follows:

N. G. Stickney,	$78 00	
Jane Boutwell,	65 41	
John O. Keifer,	50 00	
		193 41
		$544 93

County owes on above accounts as follows:

N. G. Stickney,	$28 50	
Jane Boutwell,	27 50	
		56 00
Leaving net cost of town poor,		$488 93

As usual I have taken Joseph Colby's support from the cost. Last year he had a balance credit of $82.95, and tak-

ing his cost this year, $59.35 out and his balance will be $23.60.

POLICE COURT REPORT.

To the selectmen of the Town of Lancaster—Gentlemen:

My recent illness, from which I have not yet fully recovered, prevents me from making a detailed report of each case which has come before the Police Court.

During the past year there have been seventy criminal cases before the Court which may be classified as follows:

Non support of family,	1
Wilful disobedience,	1
Aggravated assault,	1
Killing fawn,	1
Breaking and entering,	1
Malicious mischief,	2
Larceny,	2
Brawl and tumult,	3
Selling spirituous liquor,	13
Drunks,	45
Total,	70

Nine respondents were committed to the House of Correction or County Farm, eight for drunkenness and one for larceny. One was sent to the State Industrial school. One respondent, who plead guilty to the sale of spirituous liquor, was sentenced to jail for six months and the sentence was suspended on condition that he get out of business.

It has been my policy to sentence drunken tramps and strangers of a questionable appearance who had no employment in this vicinity to the House of Correction for six months, and suspend sentence on condition that they leave town at once. This has proved a very effective way of ridding the town of such characters at no expense.

Seventeen civil cases were entered in court, all of which have been disposed of.

The receipts of the Court, including fines and costs, have amounted to $ 811 65

The disbursements for officers' fees, printing, special justice and my salary were 409 34

I have paid to the selectmen the balance, which amounts to $402 31

There are several small fines which have not been paid which I may be able to collect when the respondents come back to town from their winter's work. It was impossible to collect them at the time of trial.

If, by the acceptance of this report, you vote the salary which you have voted in the past and the avails of the court shall be insufficient to pay the same, I will not ask the town for the full salary but I will accept such sum as the Court may receive in fines and costs.

Respectfully submitted,

MERRILL SHURTLEFF,

Police Justice.

BOARD OF HEALTH REPORT.

To the Selectmen of the town of Lancaster:

Feb. 14, 1903.

The healthful conditions obtaining in our town have led us to omit making any report for the last two years.

There has been but one death during the past year from contagious disease, viz., one child from diphtheria and but three cases of this disease have been reported and in no case has the infection spread.

The village has been practically free from typhoid fever since the introduction of the public water system. During the year there has been some eleven cases of typhoid, all originating from sources outside of the town, and all were confined to a single patient excepting in one case where it was brought into a tenant house where the sanitary conditions were bad, and these were confined to that building.

There remain a few extensions to be made in the public sewers, which should demand the attention of the authorities and we call the attention of those using the sewers, to the fact, that the level surface of the plain on which the village is located make the grade so light in many of our mains that great care must be used, not to allow anything to enter the sewers which will tend to dog it; viz., thick coarse paper, etc.

In our inspections we have uniformly found both the owners and the occupants ready and prompt to carry out any suggestions that we have made.

While the sanitary condition of the town is far from perfect, the use of wells and local springs so liable to polution have nearly passed away, and we can hope that by the extention of sewers and the prompt connection therewith we may in the near future have in a sanitary view a model village.

ADDENDA.

Report of the Building Committee:

Music Hall burned July 16, 1900, depriving the Masonic organizations of rooms and the Town of a hall for the transaction of its business and the great variety of gatherings that constitute so large a factor in the social and educational life of our community.

What was the best thing to do under the circumstances was the problem to be considered, and as a result of consultation the Town and North Star Corporations each appointed a committee of three to consider the situation and report what in their judgment was the best plan to persue.

The committee for the town was Edmund Sullivan, Geo. N. Kent and F. D. Hutchins; that for North Star Corporation, Ezra Mitchell, I. W. Quimby and Garvin R. Magoon. The two committees, after many meetings and thorough discussion of the subject in all of its aspects, submitted their findings to an adjourned town meeting Dec. 15, 1900, which was adopted by the Town without a dissenting vote. The same was also adopted by the North Star Corporation a few days later. The two committees then organized as one body with Ezra Mitchell president, Geo. N. Kent secretary, and F. D. Hutchins treasurer.

Your committee after considering numerous plans finally decided on the one of the present building, but in order to get a public hall of the present dimensions it was found necessary to ask for an additional appropriation of $3500 from Town and North Star Corporation, and in view of the fact that an arrangement could be and was made with the Fire Precinct to occupy their present quarters at a fair rental, the committee felt warranted in asking for the appropriation. Any smaller hall than the present one would have been unsatisfactory. Mr. A. I. Lawrence was engaged as architect and bids for the completed plans and specifications were asked for. Mr. John H. Smith of Lancaster giving the

lowest bid was awarded the contract. The Thompson Mfg. Co. being the lowest bidder was given the contract for the heating plant. Mr. I. W. Quimby was appointed agent of the Building Committee to have especial oversight from day to day as the work on the building progressed.

Mr. J. H. Smith's contract was for a foundation wall nine feet deep, but on excavating it was found that it would be necessary to go three or four feet deeper to secure a thoroughly satisfactory rock bottom which made an extra cost of about $1,200.

The whole cost of the building and furnishings was $35,175.03 but it is worth today $8,000 to $10,000 more than it has cost.

EZRA MITCHELL,
Chairman of Building Committee.

Less cash in bank,	15 49
	$ 901 74

One half of this amount is due from the town, the balance from North Star Masonic Corp., $ 450 87

We have paid A. I. Lawrance, architect, the sum of $800, which is within $180 of contract. The balance being withheld by the committee owing to defects in plans for constructon of gallery, which increased cost about the amount withheld. Mr. Lawrance has notified us that he has brought suit for recovery of this sum. Acting upon advise of town's counsel we have paid no attention to notice.

The committee has on hand quite a lot of stone suitable for curbing, the avails of which when sold will be turned over to town and corporation. The town authorites used some of this stone last summer for which they have not accounted.

SIDEWALKS.

Below we give account of money expended on side walks. We hired an experienced man to take charge of the work and bought material and hired men instead of contracting as has been done before. We feel that the experiment has been a success, as our foreman was instructed to use such material and labor as was necessary to do first-class work, and 895 yards of new walk, 98 yards new crossings and 1347 yards covering were done, making a total of 2340 yards of concrete work at an average cost of 48½c. a yard. The lowest price at which we could have contracted the above work was 50c. a yard for covering, 75c. a yard for new walks and $1.00 a yard for new crossings, thus showing a saving to the town of $309.14. While we have exceeded the appropriation, we feel that the condition of our sidewalks warranted the outlay.

MACADAM ACCOUNT.

By vote of town we were authorized to move crushing plant from land owned by W. G. Baker to town land, if we could not make satisfactory trade with Baker for rock. The five-year contract with Mr. Baker, whereby he had delivered crushed rock on our streets at 85c. a cubic yard, having expired, and his new price being $1.20 a cubic yard delivered on streets, we decided to move.

As will be seen below, the cost of moving, laying foundation, building roads and making repairs on buildings and crusher was $491.75.

We crushed 1033 cubic yards of rock and delivered the same on Main Street at a cost of $1004.28, or 98c. a cubic yard. The plant is now in good running order, and we are of the opinion that $1.00 a cubic yard is a safe estimate for rock delivered on any street in the village.

WATCHMAN'S CLOCK SYSTEM.

We have established a winding system for our night watchman, which we believe will be a source of satisfaction to the taxpayers and also to the watchman. The system consists of five winding stations located between the corner of Main and High streets and a point in front of the Williams House, covering the entire business part of the town.

The central station is in the town building and registers the exact time that each of the five stations is rung in, giving a record of each night's work, which can be referred to at any time.

Police Court Report.

LANCASTER, N. H., February 29, 1904.

To the Selectmen of the Town of Lancaster:

GENTLEMEN:—I am glad to report that the business in the Lancaster Police Court has been very small for the past year. The total amount received in fines and costs was $138 89. The total amount paid out by the Court has been $70 91. The balance in my hands is $67 98, which constitutes the total amount of my salary for the year.

Since the provisions of the recently enacted liquor law went into effect there has been very little drunkenness in town if the work before the Police Court is any indication of the condition. Only one man was sent to the House of Correction from this town for that offense during the entire year.

Respectfully submitted,

MERRILL SHURTLEFF,

Police Justice.

February 20, 1905.

To the Selectmen of the Town of Lancaster, and the Trustees of the North Star Masonic Corporation:

I regret to say that the account for the past year shows a deficit. There was a good deal of work on the stage which had to be done this year in order to save the scenery, which was getting in very bad condition, and the grates under the old boiler were not suitable and it was thought advisable to replace them this year with new grates, raising them about a foot from the original position. The work on the stage cost $123.53 and the new grates and labor on the boiler cost $117.22, which two items amount to nearly the amount of the deficit for the past year. At the present time everything seems to be in good condition and I see no immediate need of any such outlay for repairs. It has also been a very quiet winter and the earnings of the building since the first of December have been very small.

Respectfully submitted,

F. B. SPAULDING, Manager.

Police Court Report.

LANCASTER, N. H., March 1, 1905.

To the Selectmen of the Town of Lancaster:

GENTLEMEN:—During the past year the Lancaster Police Court has had only nineteen cases for its consideration, and they are classified as follows:

Drunks	9
Assaults	3
Refusal to support	1
Selling liquor	1
Larceny	5
Total	19

The total amount received for fines and costs was $38.83. The total amount paid out by the court was $30.83, leaving a balance of $8.00 in my hands.

The court has sentenced three respondents to the house of correction; one for drunkenness, one for assault, and one for selling liquor.

Respectfully submitted,

MERRILL SHURTLEFF,

Police Justice.
